SAMPLE - fictional proposal

ote sensing of seasonal sea-ice change

This is a demonstration fixture, not a funding application.

All names in metadata are fictional.

Info Author and XMP creator intentionally contain sample identities.

A sample bookmark names a fictional file. A nested bookmark is a fictional CV title.

A sample comment has a fictional author.

A sample link points at a fictional personal page: https://cryo.northvale-poly.example/~mquenby-fx/data

Metadata checking does not clear a proposal for submission.
